

Greyhound Rescue of New York

April 2017 Newsletter

Its April GRoNY members, where the rain may bring May flowers however we need not wait that long for our greyhounds to create a paw print mosaic all over the floor. Now some GRoNY members have a cloth which they wipe their greyhounds' paws before they come in, or then there's let's put a throw rug runner from the door inside and hope the hounds' wet paws are dried as they walk, hmmm revise that to run in to get their reward cookie for going out in the rain.

Was speaking last month in the newsletter regarding this July 8, 2017 picnic, there was a scavenger hunt planned for last year however the weather just did not let us fit it in, and I hope Murphy's Law does not distract Mother Nature again this year at the picnic, it was like there was a switch, sunny and hot and then some rain, and it was just enough and then back to sunny and hot. With the pavilion, we were all dry but later swings and slide in the play yard needed to be dried for the kids, so if necessary, this year, there is always dancing naked in the full moon to ensure good weather, I did not do that last year. Just need to remember redirect those motion sensor lights, or perhaps take out the bulbs.

GRoNY enjoys getting updates and visits from our former fosters; so I would just like to give a shout out to one of our former greyhound fosters who now lives in Japan. I do not even have a passport, so marvel that one of my fosters is probably learning the word cookie/treat in a second language.

Greyhound owners have a unique camaraderie, affording us to look at how similar our experiences are with our hounds and to laugh at ourselves at how much they are in our hearts.

Time has come to end this newsletter, so until next time, remember even though April is tax time, we are not allowed to claim our greyhounds as dependents.
